

Endorsing partners

Terms of Reference

Definition

Endorsing partners of the Resilient Cities 2017 Congress are organizations that are working in a field relevant to urban resilience and adaptation to climate change and wish to associate themselves with the global forum.

Role and Obligations

The Endorsing partner supports the Congress by:

- Promoting it via its media;
- Inviting its constituency to participate in the Congress and its call for contributions (open from 01 October 2016 to 1 December 2016); and
- Providing ideas for the program.

Benefits

- The endorsing partner will be presented with name and logo on all Congress promotional materials.
- Up to three representatives of the endorsing partner organization will benefit from a reduced participation fee.
- Endorsing partners are offered the opportunity to have a display stand in the Congress exhibition area at a reduced cover charge.

Working modalities

Endorsing partners will receive regular updates on Congress preparations. They will inform ICLEI on their activities promoting the Congress and concerning program ideas.

Should you require additional information please do not hesitate to contact us by writing to resilient.cities@iclei.org.
